Summary

Full Stack Web Developer with a background in Psychology and life-long dedication to learning. Effective at combining creativity and problem solving to develop user-friendly applications. Known for having a positive attitude and a calm, focused demeanor under pressure.

Key Strengths

Project Management · Process Improvement · Data Analysis · Organization · Teamwork and Collaboration · Grasps new concepts quickly

Technical Skills

Languages: HTML5, CSS3, Javascript, React(currently learning)

Other: mySQL, Sequelize, Mongo, Mongoose, Node.js, jQuery, Microsoft Office, Adobe Suite, Git collaboration

Projects

Pantheos | **Github Repository:** <https://github.com/kimberlyj227/Pantheos> | **Link to Deployed Project:** <https://pantheos-education.herokuapp.com/>

- The student information tracker for teachers to streamline communication and reports of students records.
- I mainly developed front-end using handlebars. I also helped debug, wrote some of the backend routes and served as project manager.
- Technologies used: Node.js, Handlebars, Bootstrap, Express, Lodash, jQuery, mySQL2, and Sequelize

Adventure App | **Github Repository:** <https://github.com/nikcastle/urban-octo-guacamole> | **Link to Deployed Project:** <https://nikcastle.github.io/urban-octo-guacamole>

- This app utilizes the National Parks API to help users search for national parks in each state and view key information about those parks.
- I wrote the API code for the weather API and part of the National Parks API.
- Technologies used: Materialize, jQuery, jQuery UI, National Parks API, Weatherbit API, Moment.js

Fitness Tracker | **Github Repository:** <https://github.com/kimberlyj227/fitness-tracker> | **Link to Deployed Project:** <https://liftnow-brunchlater.herokuapp.com/>

- This app allows users to create and track workouts.
- I wrote the backend code, including the models, the routes, and the server. The front-end code was provided to me.
- Technologies used: Node.js, Express, Mongoose, MongoDB

Professional Experience

Program Director/Head Coach Gymnastics East

2019 – 2019
Bellevue, WA

- Developed clear and executable short-term and long-term training plans for gymnasts under my supervision. Communicated daily with parents and co-coaches on a daily basis.

Program Coordinator Seattle Gymnastics Academy

2016 – 2019
Seattle, WA

Developed clear and executable short-term and long-term training plans for gymnasts under my supervision. Communicated daily with parents and co-coaches on a daily basis.

Key Accomplishments:

- Managed a project to develop new curriculum and coaches training for the program I oversaw
- Developed training using Articulate Storyline software

Assistant Program Director JCC Dallas

2011 – 2016
Dallas, TX

Managed social media and created marketing collateral for the gymnastics program. Managed class schedules. Provided leadership to gymnasts and coaches under my supervision.

Key Accomplishments:

- Created and managed a database for the program to keep track of past and present students

Quality Assurance/Document Control Quest Medical

2010 – 2011
Dallas, TX

Responsible for auditing about 20 records on a daily basis to ensure FDA and company compliance. Analyzed quality control practices to identify and eliminate documentation processing errors. Assisted in QA/RA audits.

Key Accomplishments:

- After one month as an intern in a temporary role, Quest Medical offered me a permanent position reviewing documents and analyzing data
- Developed metrics to track and analyze various aspects of the quality control process
- Managed a project to reformat Device History Records to improve efficiency and eliminate documentation errors

Education and Certifications

Bootcamp Certificate: University of Denver, Denver, CO

A13-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, jQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

B.A Psychology: Ouachita Baptist University, Arkadelphia, AR
